PROFILE INFO

I am a recent Petroleum and Mining Engineering graduate and a MERN stack developer. Quick to learn and driven by challenges, I excel in problem solving, communication, and leadership in team settings. I build responsive, scalable, and secure web applications using React, MongoDB, Express, and Node.js. With strong skills in JavaScript, HTML, and CSS, I stay updated with the latest web development trends and I am committed to achieving collective success.

WORK EXPERIENCE

Sep 15, 2024 - Oct 15, 2024
CodeAlpha
Internship (Front End Developer)

Gained hands-on experience in React, JavaScript, and responsive design through real-world projects, focusing on skill-building and practical application.

Sep 18, 2023 - April 23, 2024
Hana Store
Customer Service

I worked as a Customer Service Representative at Hana Store, where I handled data from website ads and contacted customers to confirm their orders.

Mar 14, 2021 - Mar 21, 2021
Bangladesh Energy Regulatory Commission, Dhaka
Industrial Trainee

As part of our industrial training, we visited the Bangladesh Energy Regulatory Commission (BERC) in Dhaka, gaining insights into the regulation of gas, electricity, and petroleum pricing and policies.

Mar 06,2021 - Mar 12, 2021
BM Energy LTD, Barabkunda, Sitakunda, Chittagong
Industrial Trainee

During our training at BM Energy LTD in Barabkunda, Chittagong, we gained insights into LPG storage, HSE practices, and transmission and distribution processes in the energy industry.

Feb 27, 2021 - Mar 03, 2021
Titas Gas Field, Bangladesh Gas Fields Company Limited.(BGFCL)
Industrial Trainee

During our training at Titas Gas Field, BGFCL, we gained hands-on experience in oil field operations, production, technical processes, and workover optimization.

PROJECTS

Burger Shop : **Client side** || **Server side** || **LiveSite**

Built a responsive e-commerce platform with React, Vite, Node.js, MongoDB, Express, dynamic cart, Stripe integration, and Clerk authentication.

AI Resume Builder : **Client side** || **Server side** || **LiveSite**

Developed a responsive platform from scratch with React, Vite, Tailwind CSS, Strapi, and Clerk for social media authentication.
